MUSIC ENERGIZES NEW BOOK FOR YOUNG ADULTS

Original song makes a good read even better.

TV shows and movies have theme songs, why not books? Award-winning author Bruce Edwards performs an original song featured in his new book *The Age of Amy: Channel '63*. His whimsical music video adds another dimension to the story and broadens the appeal of book #3 in this series for young adults.

About the Book

What if you could tune your TV to the year 1963, and watch —live? A new theme park attraction allows visitors to not only observe, but talk with the people of that turbulent decade. For 16-year-old Amy, it's the perfect escape from her own time, and the hardships of being a 21st century teenager.

But when she falls for a charming teenage boy from yester-year, things get complicated. Building a relationship across time proves difficult, especially while computers *bleep* any language that might impact the future. Happily, Amy acquires a "magic clicker" which defeats this annoying restriction. But gaining the ability to speak freely comes with a heavy responsibility: Amy now has the power to alter history!

About the Series

The Age of Amy books feature an unconventional teenage protagonist who struggles to make sense of the times she was born into. The stories address the challenges facing today's youth, against a backdrop of social change. "I delve beneath the surface of issues," says author Bruce Edwards, "and what better way to do that than through fantasy?"

About the Author

Bruce Edwards is a former Hollywood film animator. As a composer and musician, he wrote rock tunes and radio jingles, and toured as a pop music artist. His other creative endeavors include a stint as a puppeteer and performing Magic at Disneyland. Mr. Edwards lives in Orange County, California.
